October 2025 - December 2025

Registration Closes October 12, 2025

CHILL SO HARD™ Yoga Nidra and Restorative Yoga Leadership Training is a transformative program crafted for individuals passionate about using rest as a foundation for community healing and service-driven leadership. Far beyond teaching techniques, this immersive training equips participants with the skills to facilitate experiences that foster connection, resilience, and profound rejuvenation. Rooted in ancient wisdom, Yoga Nidra practices are combined with the gentle support of Restorative Yoga, creating a toolkit for deep relaxation, inner reflection, and embodied leadership. Graduates of this course will be equipped not only to guide others but to champion rest as an act of resilience and renewal within their communities.

By investing in the training, participants will:

- **Cultivate a personal Yoga Nidra and Restorative Yoga practice** to sustain their own well-being, anchoring as role models for rest-centered leadership and collective care.
- **Communicate the principles and transformative potential of Yoga Nidra and Restorative Yoga** as tools for individual and community healing, emphasizing their role in nervous system regulation, resilience-building, and overall wellness.

- **Demonstrate and assist in restorative postures** with an emphasis on alignment, individualized support, and the use of props to maximize safety, comfort, and relaxation.
- **Adapt practices for varying abilities and physical conditions**, offering accessible options that empower students at all levels to experience rest and self-care.
- **Foster a nurturing environment** where students and communities can access deep relaxation, healing, and connection, building a space that inspires trust, support, and communal growth.
- **Strengthen a personal rest practice as a portal for self-reflection** to deepen awareness of their own leadership skills, qualities, and growth areas, using stillness as a foundation for cultivating presence, empathy, and resilience in service to others.
- **Lead with a rest-centered approach** that encourages resilience and sustainable engagement, integrating principles of rest and renewal into community and service-based leadership.

In addition to training sessions, students are also required to commit to a daily rest practice, complete homework assignments, meet asynchronously with fellow trainees, and attend restorative yoga or yoga nidra classes.

Upon completion of the coursework and evaluation, participants will receive a certification of completion. For those that are Yoga teachers this will then enable you to register with Yoga Alliance for Continuing Education Credits (YACEP).

WHO IS THIS TRAINING FOR?

This training is designed for leaders, healers, and service-oriented practitioners who view rest as a pathway to collective wellness and transformational leadership. Ideal candidates have completed foundational training in yoga or meditation and are ready to extend their offerings with intentional, therapeutic practices. This training serves those who want to lead communities through rest-centered practices, with a focus on collective healing and resilience.

Participants should embody a strong personal practice in mindfulness or stillness, as it forms the essential base for guiding others in these practices. This is a comprehensive certification program, not a short immersion, aimed at those ready to complete all training requirements and develop a rest-centered leadership approach within their service, teaching, or advocacy work.

COURSE SCHEDULE & DATES

The training course is taught over the course of four consecutive weeks and a required in-studio closing weekend. This format supports students having time to integrate the material, meet independently with cohort-members between live virtual sessions, complete homework assignments, and prepare for assigned practice sessions. All content will be housed within Thinkific, an online learning platform.
